Building upon a strong interest in food ingredients, seasonings and flavourings since a young age, Dr. Vasan Rattananupap used experience through his previous work in research & development at a leading multinational corporation as a strong foundation to start his own business, Mighty International Co., Ltd.

While a very first seasoning formulation started at home kitchen over 27 years ago, Mighty nowadays is a leading manufacturer and distributor of food ingredients in Thailand and this region. From FSSC 22000, HACCP and HALAL certified factory, Mighty produces a comprehensive range of MIGHTY TATSTE INNOVATION comprising high quality savory ingredients such as reaction flavor, seasoning, specialty condiments, and innovation range of flavor booster which provide authentic home-cooking taste to various processed food applications like instant noodle, snack, bakery & confectionery, meat products, ready-meal, sauce, seasoning & soup, pet food, etc. The company also represents world leading suppliers and distribute their specialty ingredients, some namely, dairy ingredients, gelatins & collagens, functional blends, animal & plant extracts for food supplement, dairy, beverage, etc.

The high level of discipline and long term strategic visions strictly incorporated into the company's future direction in innovation has enabled Mighty to overcome obstacles and present globally with significant growth. Without innovation and continuous improvement to meet world class standards, it will be hard to continue sustainable business operation in both domestic and international market.
